

ICBBB is the annual international conference gathering researchers, students and practitioners from all over the world to discuss and share the latest research and results of scientists related to bioscience, biochemistry and bioinformatics. This conference fosters interaction among scholars, students and practitioners, and provides an ideal opportunity to develop new collaborations. ICBBB started on 2011 at Singapore, and 2012, Chennai, India, 2013 Rome, Italy, 2014 Melbourne, Australia, 2015 Taipei, Taiwan, 2016 Pattaya, Thailand, 2017 Bangkok, Thailand, 2018 Tokyo, Japan, 2019 Singapore, 2020 Kyoto, Japan has been successfully held.

We are delighted to announce that 2021 11th International Conference on Bioscience, Biochemistry and Bioinformatics (ICBBB 2021), which is sponsored by Biology and Bioinformatics (BBS) under Hong Kong Chemical, Biological & Environmental Engineering Society (HKCBEEES), supported by Tokai University and South China University of Technology, and organized by Prof. Kazuhiko Hamamoto, Tokai University, Japan as the General Chair will be held in Tokyo (Takanawa Campus, Tokai University), Japan during January 8-12, 2021. Over 150 participants from all over the world are expected to attend and over 100 papers are to be presented in oral or poster sessions.

Keynote speech and Invited speech from all around the world as well as lectures from leading experts in the field will present the Bioinformatics, Bioscience Engineering, Biomedicine Engineering, Biochemistry and Molecular Biology of Plants, and related fields.

ICBBB 2021 welcomes paper submission as full papers and abstracts about Bioscience, Biochemistry and Bioinformatics and related fields. The accepted full paper submission will be published in ACM Conference Proceedings (ISBN: 978-1-4503-7676-1) or selected excellent papers on Bioinformatics (At least 30% extended version) can be recommended for reviewing of publication in Journal of Bioinformatics and Computational Biology as a special issue.

On behalf of the conference committee, I have the pleasure to cordially invite you to this international conference for researchers, practitioners and educators to discuss your latest research findings, encountered challenges, lessons learned and future prospective with the research community by submitting a paper to this conference.

We are looking forward to welcoming you in ICBBB 2021 in Tokyo in January 2021.

Advisory Chair

*Prof. Tomohiro Araki, Ph.D*

Department of Bioscience

School of Agriculture

Tokai University, Japan
